

PLEDGE TO SUPPORT THE “WE’RE THE CHANGING FACE OF AMERICA” CAMPAIGN TO HELP INCREASE COLLEGE ACCESS AND SUCCESS AMONG AMERICAN AND PACIFIC ISLANDER STUDENTS

Pledge* to help increase college access and completion for AAPI students. Your support can make a difference in the lives of millions of AAPI students who have been hindered from gaining access to higher education and/or earning a college degree. The “We’re the Changing Face of America” campaign thanks you in advance.

I, _____, stand with the Asian & Pacific Islander American Scholarship Fund and the National Commission on Asian American and Pacific Islander Research in Education in their efforts through the *We’re the Changing Face of America* campaign.

I hereby pledge to support the *We’re the Changing Face of America* campaign’s goals of increasing access and success in higher education for underserved Asian American and Pacific Islander (AAPI) students to improve educational outcomes and lifelong benefits.

I commit to the *We’re the Changing Face of America* campaign’s goals of raising awareness about the importance of helping all AAPI students realize their full degree-earning potential and support the economic growth of the communities where they choose to serve.

I also understand that through my support, the *We’re the Changing Face of America* campaign can help reshape the entire U.S. higher education system to equitably meet the unique needs of underserved AAPI students and their communities. Strengthening the nation’s fastest growing population will help strengthen America as a whole.

In all, I am committed to helping the *We’re Changing the Face of America* campaign in all of its efforts, activities, and programs for AAPI college students.
